

We Answer The Call™

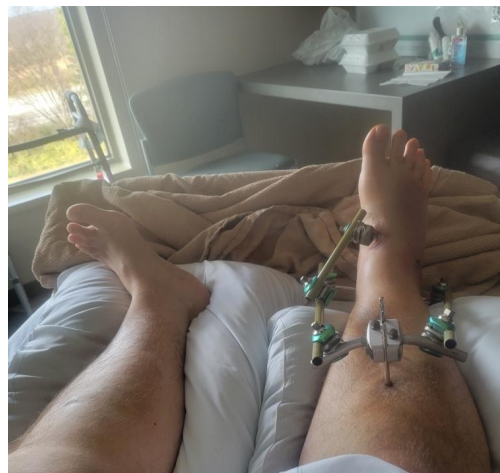

CIF Provides Assistance for Injured Collision Technician

MECHANICSVILLE, VA, February 29, 2024 – The Collision Industry Foundation (CIF) is announcing a fund-raiser for Gary Noble, a Collision Repair Technician from Louisville, KY who works for Louisville Collision. He suffered a major automobile accident in November last year and has been out of work for over 15 weeks now. For more information about the accident, see the article [here](#).

CIF is calling on the entire collision repair industry to help us with a "challenge grant". Starting today, February 29th, the CIF will match industry donations to Gary dollar-for-dollar up to \$10,000. This check will go out to Gary shortly to meet immediate needs. In order to provide him with more funding as soon as possible, we are ending the fund-raising drive on March 8th and sending the additional funds out to Gary. Donate here for this special cause:

<https://www.collisionindustryfoundation.org/donate.html>

The mission of the Collision Industry Foundation is to secure and distribute donations to individuals in the collision industry who have experienced significant losses due to natural disasters or other catastrophic events. Please help us maximize the help we can provide to Gary and keep the CIF in mind if you know of anyone in the industry who has befallen a similar challenge.
