

CIF Announces Dedoes' Commitment to Annual Donor Program

MECHANICSVILLE, VA, March 13, 2026 – The Collision Industry Foundation (CIF) is delighted to announce that Dedoes Industries has once again pledged its support to the CIF Annual Donor Program, at the URGENT CARE level, which is the second highest tier of giving.

The Program, launched in 2021, was created to secure consistent and essential resources for the Foundation. These resources enable CIF to fulfill its mission of “Answering the Call” by assisting members of the collision repair industry affected by catastrophic events such as accidents, flooding, hurricanes, tornadoes, or wildfires. Contributions to the program are tax-deductible, offering an additional incentive for supporters.

Thanks to the generosity of corporations and individuals, over the past twenty-plus years CIF has helped hundreds of collision repair professionals after disasters. The continued support from Dedoes for the Annual Donor Program will allow the Foundation to maintain its disaster relief efforts and extend assistance to those in the industry who need it most.

“Dedoes Industries is proud to continue supporting the Collision Industry Foundation and its vital mission of ‘Answering the Call’. CIF provides meaningful assistance to members of our industry during some of their most challenging moments, and we believe strongly in the work they do. We are grateful for the opportunity to contribute to a foundation that makes a real difference in the lives of collision repair professionals and their families.”
