

## CIF Announces AirPro Diagnostics Becomes CIF Annual Donor

*April 12, 2021 – Mechanicsville, VA –*

The Collision Industry Foundation (CIF) is thrilled to announce that AirPro Diagnostics has joined the “CIF Annual Donor Program” at the highest level; a 1st RESPONDER donation level with a \$10,000 pledge! The Annual Donor Program was designed to bring needed, recurring resources to the Foundation, so it can deliver on its mission to Answer the Call when those in the industry have been impacted by unforeseen catastrophic events.

“The entire AirPro team supports CIF because we believe they are doing the most good to directly support those impacted by disasters in the Collision Repair Industry,” said AirPro Diagnostics CEO Lonnie Margol.

CIF provides emergency relief to collision repair professionals by securing and distributing donations to individuals who have experienced significant losses due to natural disasters or other devastating events. CIF depends solely on the generosity of donations to conduct its work.

The “CIF Annual Donor Program” offers five levels of annual funding options; each with a

suite of benefits to donors throughout the calendar year. Please visit [www.collisionindustryfoundation.org](http://www.collisionindustryfoundation.org) to learn more about CIF, the Annual Donor levels and the corresponding benefits. All donations to CIF are tax deductible.

Serving as President for both AirPro Diagnostics and the CIF Board of Trustees, Michael Quinn stated, "We at AirPro are proud to support the Annual Donor Program, allowing CIF to continue to help our industry colleagues in need."
